Software and Hardware Experience

<u>Software Program Experience</u>

- **AutoCAD:** Computer aided drafting software (DOS Ver. 8 to Windows Ver. 2011)

- **AutoCAD LT 2002:** Downsized computer aided drafting software

- **AutoCAD Civil 3D:** Computer aided drafting software specializing in the discipline of Civil Engineering (Autodesk Land Development Desktop to AutoCAD Civil 3d 2011)

- **Autodesk Impression:** Architectural rendering software

- **Bentley MicroStation V.8i:** Computer aided drafting software used primarily in road design

- **Bentley PowerDraft:** Downsized computer aided drafting software

- **Eagle Point:** Computer aided drafting software specializing in land surveying

- **ESRI ArcView & ArcGIS:** Geographic information system software used in mapping & data collection

- **Hydroflow:** Hydraulics software

- **Microsoft Office Professional and Small Business Edition:** Consisting of **MS Word**, **MS Excel**, **MS Outlook**, **PowerPoint**, etc.)

- **Microsoft Works:** Word processor and spreadsheet software

- **Microsoft Front Page & Front Page Express:** Website design software

- **DOS:** Operating system

- **Windows 95:** Operating system

- **Windows 98 & 98se:** Operating system

- **Windows XP:** Operating system

- **Windows 7:** Operating system (32bit & 64bit)

- **Windows NT Server:** File server operating system

- **Windows 2008 Server:** File server operating system

- **Veritas:** File archiving

- **Sema4:** Accounting software (Support Only)

- **Ajera:** Accounting software (Support Only)

Software and Hardware Experience

- **Internet Explorer:** Internet browsing software

- **Firefox:** Internet browsing software

- **Opera:** Internet browsing software

- **McAfee Virusscan Plus:** Computer antivirus software

- **Norton Antivirus:** Computer antivirus software

- **Panda:** Computer antivirus software

- **Avast:** Computer antivirus software

- **AVG:** Computer antivirus software

- **Adaware:** Computer malware detection and removal software

- **Spybot Search & Destroy:** Computer malware detection and removal software

- **CwShredder:** Computer malware detection and removal software

- **HiJack This:** Software hijacking software

- **Recover4All:** File recovery software

- **SpectorSoft:** Computer surveillance software

- **CoreFTP:** FTP software

- **Orbit:** Download manager software

- **Paint.NET:** Digital imaging software

- **Gimp:** Digital imaging software

- **Picasa:** Digital imaging software

- **PrimoPDF:** PDF conversion software

- **DeskPDF:** PDF conversion software

Software and Hardware Experience

Hardware Experience (File Servers, Desktop Workstations, & Laptops)

- **Motherboard:** Replacement & Configuration

- **Harddrive:** Chkdsk (Scans HDD for corrupt files and bad sectors); Low level formatting; Partitioning; Addition and/or Replacement.

- **Video Card:** Replacement and/or Configuration

- **CD/DVD:** Replacement

- **USB Ports:** Addition and/or Replacement

- **Modem:** Replacement and/or Configuration

- **NIC:** Addition, Replacement and/or Configuration

- **Serial Ports:** Addition and/or Replacement

- **Parallel Ports:** Addition and/or Replacement

- **Card Reader Ports:** Addition and/or Replacement

- **External Hard Drives**

- **Digitizing Tablets**

- **Printers (Desktop & Large Format Plotters)**

- **LAN & WAN**

- **CAT5 Cabling:** Network Installation & Patch Cabling

- **Hubs & Switches**

- **Routers**

- **Digital Cameras**

- **Digital Video Projectors**

- **Video Surveillance Cameras**
