Single-Stream Recycling is Here!

Norristown has a new recycling program which makes it easier than ever to recycle.

WHAT IS SINGLE-STREAM RECYCLING?

Single stream recycling allows residents to place all recyclables: cans, bottles and plastics together with newspapers, cardboard, etc. in one container. There is no need to separate since the “single stream” recycling process used allows all recyclables to be mixed together.

ADDITIONAL RECYCLING CONTAINERS

If you want to use an extra container for recycling collection, simply go to the Norristown Municipal building and get a **RECYCLING STICKER**.

You can use any container up to 40 gallons as well as your existing recycling bin. Make sure that the sticker is visible.

Recycling Bins are available at Norristown Municipal Building, located at 235 E. Airy Street (610) 272-8080.

Single stream recycling will be collected by a compaction truck. Only recyclables will be on this truck on your recycling day, it cannot collect non-recyclable items.

THE FOLLOWING MATERIALS CAN ALL BE PLACED IN THE SAME RECYCLING BIN:

METAL:

 Aluminum cans (beer and soda) aluminum foil and foil plates, etc. Metal lids, Metal food cans (tin/steel).

GLASS:

 Glass bottles and jars (food and drink only).

PLASTIC CONTAINERS:

 Bottles and containers labeled #1 through #7 (soda, water, milk, juice, liquor, shampoo, detergent, condiments, salad dressing, yogurt, margarine).

MIX PAPER AND CARDBOARD:

 Can be placed loose in the recycle bin or extra container. Material such as newspaper, inserts, magazines, catalogs, junk mail, envelopes, file folders, office white, colored and computer paper (staples and paper clips ok). Corrugated cardboard boxes, cereal, tissue, gift boxes, etc. (remove liners) paper bags, phone books, wrapping paper (remove metallic paper, bows, etc.).

DO NOT RECYCLE!

Ceramics, dishes, coffee cups, drinking glasses glass oven ware, pyrex, vision Ware, window glass, mirrors, light bulbs plastics without #1 through #7 labeling, plastic bags, styrofoam packaging, bubble wrap tissue or paper towels, milk or juice wax paper cartons, metallic or coated paper, waxed boxes, books or toys.
